

This ribbon cutting is a celebration of the Non-Motorized Pathway connection between The City of West Branch and Ogemaw Township. This gives a great advantage for access to shopping, exercise and sightseeing. There are future plans to continue all the way out to Meijer with a crosswalk from the north side of the road, connecting with the previously built pathway from Margaret Street to The Welcome Motel in Ogemaw Township. Ogemaw Township and the Ogemaw Township DDA want to thank the City and MDOT for their help in making this happen
